High-Level Inspections Data View

Inspections Dashboard Menu Item

The system provides dashboards for each source of data captured in EWS. Select the Monthly menu item to view related dashboards

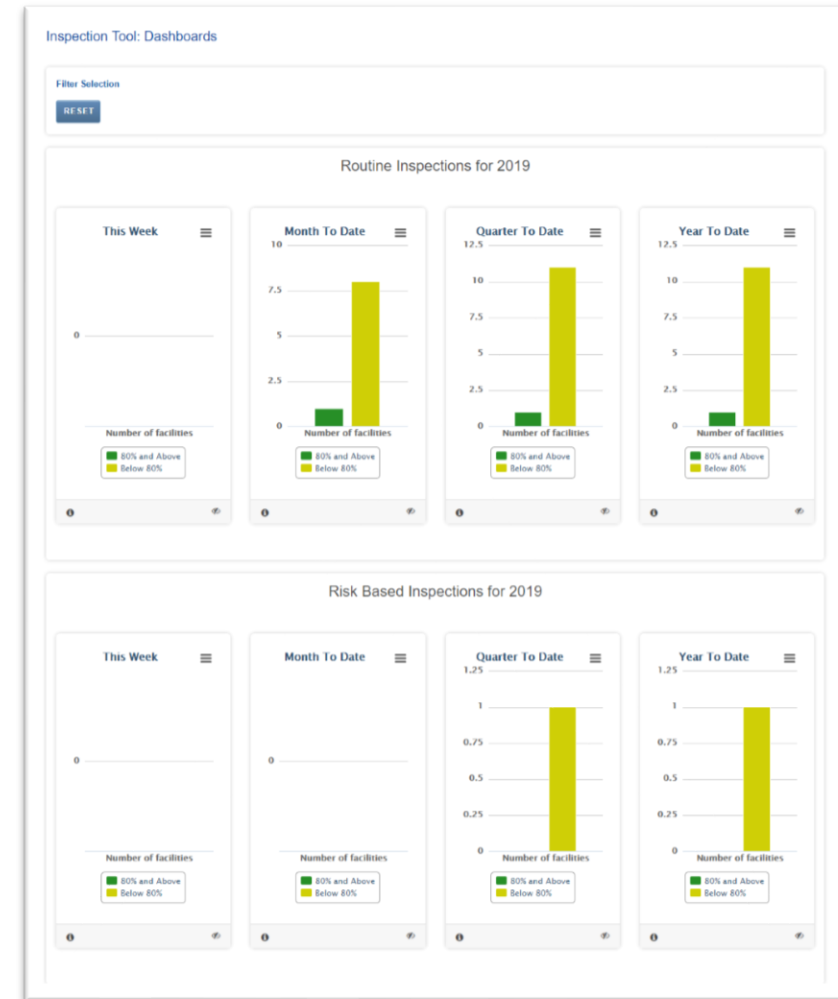

The screenshot shows the OHSC Early Warning System dashboard. At the top left is the OHSC logo. To its right is the text "Early Warning System". Below this is a navigation bar with seven menu items: "Data Management", "Control Panel", "EWS Score", "Dashboards", "Reports", and "Setup". The "Dashboards" menu item is highlighted in light blue. A dropdown menu is open under "Dashboards", listing several options: "Complaints Analytics Dashboard", "Complaints Management Dashboards", "NHIRDs Dashboards", "24 Hours", "Monthly", and "Inspection Tool". A red arrow points to the "Inspection Tool" option, which is highlighted in light blue.

Inspection Data Dashboards

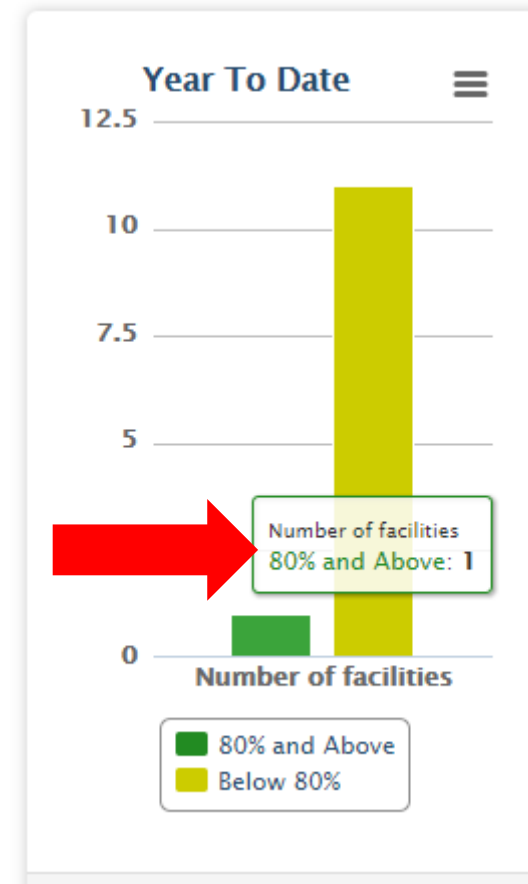

The data that has been synchronized with EWS through the Inspection Tool is aggregated into a series of dashboards as illustrated in the image.

Each dashboard represents information relating to the Inspection data.

Dashboard Pop-Up

On Rollover, each dashboard displays a pop-up summary of records captured

Dashboard Definition

On Rollover, each dashboard displays a pop-up definition.

 **Routine Inspection: Month To Date**
Routine Inspections conducted and marked as Complete "Month to Date"
based on a threshold of 80%

List-view Breakdown

Upon clicking the pop-up, the system will provide a list view break down of the selected records.

A list of values will be provided as part of the breakdown

Export Data

A data export option is provided. This option will export the list view.

The data may be filtered and updated for a new set of records to be visible.
